Has a physician or previous dentist recommended that you take antibiotics prior to your dental treatment? ☐ ☐ ☐

Name of physician or dentist making recommendation: | Phone:

Do you have any disease, condition, or problem not listed above that you think I should know about? ☐ ☐ ☐
Please explain:

NOTE: Both Doctor and patient are encouraged to discuss any and all relevant patient health issues prior to treatment.
I certify that I have read and understand the above and that the information given on this form is accurate. I understand the importance of a truthful health history and that my dentist and his/her staff will rely on this information for treating me. I acknowledge that my questions, if any, about inquiries set forth above have been answered to my satisfaction. I will not hold my dentist, or any other member of his/her staff, responsible for any action they take or do not take because of errors or omissions that I may have made in the completion of this form.

FOR COMPLETION BY DENTIST

Comments:_____

General Informed Consent for Dental Procedures

You, the patient, have the right to accept or reject dental treatment recommended by your dentist. Prior to consenting to treatment, you should carefully consider the anticipated benefits and commonly known risks of the recommended procedure, alternative treatments, or the option of no treatment. Do not consent to treatment unless and until you discuss potential benefits, risks, and complications with your dentist and all of your questions are answered. By consenting to the treatment, you are acknowledging your willingness to accept known risks and complications, no matter how slight the probability of occurrence.
It is very important that you provide your dentist with accurate information before, during, and after treatment. It is equally important that you follow your dentist's advice and recommendations regarding medication, pre and post treatment instructions, referrals to other dentists or specialists, and return for scheduled appointments. If you fail to follow the advice of your dentist, you may increase the chances of a poor outcome.

Please read and initial the items below and sign at the bottom of the form.

1. Treatment to be Provided:
I understand that during my course of treatment that the following care may be provided: Examinations, Preventive Services, Diagnosis, Basic Restorative and Crowns:

2. Drugs and Medications:
I understand that antibiotics, analgesics, and other medications can cause allergic reactions causing redness and swelling of tissues; pain, itching, vomiting, and/or anaphylactic shock (severe allergic reaction).

3. Changes in Treatment Plan:
I understand that during treatment it may be necessary to change or add procedures because of conditions found while working on the teeth that were not discovered during examination, the most common being root canal therapy following routine restorative procedures. I give my permission to the dentist to make any/all changes and additions as necessary.

4. Insurance:
I give permission to the dental office to bill my dental insurance provider for the treatment provided, if applicable.

5. Text Messaging:
I give permission to the dental office to receive invoices and statements through texts. Usage and data rates may apply.

Office Policies of Dr. James G. Kokorelis, D.D.S, PA

Hello! Welcome to our office! As a new Patient, we would like to acquaint you with our standard office policy. Our top priority is to provide quality dental care with a minimum of inconvenience and discomfort to our patients. In order for the office to run smoothly, which benefits both our patients and ourselves, we want to make you aware of our office policy and payment procedures in order to prevent any future misunderstandings.

- **Payment is required on the day of treatment.** We accept cash, personal checks, money orders, Visa, Discover, MasterCard, or American Express. There will be a $25 fee for any returned checks. We offer our senior patients (age 65 and over) a 10% courtesy. We also offer an in house insurance program for those without insurance. Please ask our staff for more information.
- **Those patients who have dental insurance are advised that your policy is a contract between you and the insurance company and that you are responsible for the full amount of the bill that is not payable by your insurance company.** We are glad to file your claim for you as a courtesy and request that you make benefits payable to Parkville Family Dentistry. We also require that any deductibles or co-pays amount are to be paid on the day of treatment. Although we will be able to assist you, we strongly suggest that you make yourself knowledgeable about the coverage, which your insurance provides such as yearly maximums, deductibles etc., as it is not our responsibility to educate you about this information. Our primary objective is to provide high quality dental care at a fair fee. We cannot allow the insurance company to dictate the standard and quality of our care. **We base our treatment recommendation on your dental needs, not what insurance companies allow. If you have questions regarding your insurance benefits, please contact your employer or insurance carrier directly. We <u>estimate</u> your co-pay based on the procedure performed and the information we have on file regarding your benefits. If the insurance does not pay what we estimate, then you are responsible for any additional balance due. Should an outstanding balance due result after you insurance company processes you claim, you will then be sent a statement. Payment in full is due by the due date printed on the statement.**
- **Any accounts which are 90 days past due will be referred for collection.** We do not have a finance charge or late payment charge as long as your bill is paid when due. If you are having a problem meeting your payment obligations we urge you to contact us immediately so that a specific payment arrangement is agreed upon. If no satisfactory arrangement is agreed upon and we find it necessary to turn over an account for collection, that debtor will also be responsible for any collection cost, which may incur.
- Parkville Family Dentistry knows your time is valuable, and we respect that! In fact, we make it a point to schedule all of our patients with this in mind. Our daily goal is to seat all of our patients on time. In an effort to provide timely service to our patients we never over-book our schedule like so many other health care facilities. This makes our time very valuable to us as well. Therefore, in an effort to avoid broken appointments and late patient arrivals, the following policy has been adopted:

1. All cancellations or rescheduled appointments must be arranged two business days prior to appointment date.

2. Patients arriving more than ten minutes late may be rescheduled at Parkville Family Dentistry's discretion.

3. Patients who...

- don't show up for their appointment, or
- reschedule without two business days' notice

Will be charged a $50.00 missed appointment fee. To avoid raising our dental fees and allow for all of our patients to reserve appointment times when desired, we find it necessary to implement this policy. After three broken appointments, the patient will be scheduled on the same day, or the patient will have to pay for their appointment in advance. Thank you for understanding and respecting our time and policy.

- We allow 45 days from the date that the claim is filed for the insurance company to pay. If the insurance company fails to pay within the time period, you will be responsible for the entire balance.
- You must notify us of any changes in your insurance coverage prior to your visit. If you fail to do so, and the claim needs to be resubmitted, you will be responsible for the full amount of your bill and can be reimbursed by your insurance company.
